Please note we prioritise the wellbeing of our patients and staff alike.

Rudeness, aggression, physical or verbal threats or profanity towards anyone will not be tolerated.

Results: It is important that you follow-up on your results by booking an appointment with your doctor OR requesting to speak to a nurse. When results are urgent and abnormal a nurse will contact you for a recall appointment.

Home, Walk-in & Other Visits: Home visits are available as per doctor discretion. If you require a home visit, please call our receptionists who will liaise with your doctor and inform you of the details/outcome.

Our receptionists are trained in the process of triage to rapidly identify urgent conditions. These patients will be either directed straight to Hospital or be arranged a triage appointment with our nursing staff for assessment followed with a doctor consult within an appropriate time frame. Generally, we do not take walk-in appointments.

Telehealth, phone consults and video consultations: Patient can access telehealth and phone/video consultation services. These services attract the same fee as face-to-face consultations.
